OBJECTIVE

I'm looking for part-time work in the role of Game Designer in the arts and media industry.

PERSONAL STATEMENT

Dynamic and results-driven Game Designer with 9 years of hands-on experience across leading game engines including Unreal Engine, Unity, Godot, and Bethesda Creation Engine. Adept at crafting immersive experiences and innovative gameplay mechanics. I am eager to bring my expertise to a AAA game studio, contributing to the development of the next groundbreaking, award-winning title.

WORK HISTORY

Olympus Studios

Remotely, New Zealand
Nov 2022 - Present

● Studio Lead / Producer

I am currently a Producer and lead of world design at Olympus Studios currently working on a new IP and unique game Elysium that is being built in Unreal Engine 5 and has an innovative story and world design with a unique design.

Fallout Wastelands

Remotely, New Zealand
Jun 2021 - Present

● Lead Designer

I am Lead Designer on the fallout mod "Fallout: Wastelands" where I coordinate a team of level designers to create a immersive and interesting world space and interiors in the Fallout world. I helped in planning and designing the mod from a design standpoint along with writers and artists.
